Address: Turkey / Ankara / Çankaya / Balgat Mah.

OBJECTIVE

- Seeking for a job that offers growth opportunities and allows me to utilize my leadership skills and experience.
- I believe that I am a hardworking, curious, and energetic person. A leadership and an organized person. Having a strong foundation in language, teamwork, and research techniques. As well as, having the passion for fruitful arts and crafty designing. Currently seeking to leverage solid skills in collaboration, communication, and development as a programmer/developer/designer.

EDUCATION

Cambridge IGCSE

Global International School

May 2012 — 2015

B.S in Computer Engineering

Çankaya University

September 2016 — June 2021

WORK EXPERIENCE

Al-Waraqiah Printing Press (KSA)

Support Worker/Employee

A family profession, grown up to be quite familiar with printing press operations and treatment of customers in general. Also familiar with unit operations, types of machinery, material and paper. Elementary experience with printing press machinery and some technical skills.

Karayolları Genel Müdürlüğü

Cyber Security

August 2018 — September 2018

- Performed intern at the IT & Security Department
- Conducted a project for User Management System using C#.
- Learned the basics and fundamentals of Cyber Security including risks, types of attacks, logs, preventing open vulnerabilities, and more.
- Software background including PaloAlto, Trend Micro Cloud, and more.

Rakun AR-GE (Rakun R&D)

Front-end Developer

July 2019 — August 2019

- Performed intern in the IT & Research Department
- Conducted a project with other interns.
- Project consists of a "Telemetry" including micro-controllers [Arduino Uno/Mega], sensors, and softwares.

- Each intern was responsible for their own task.
- I worked on two sensors and researched about how each function.
- I was responsible for fetching sensory data and displaying it on the our local website as well as designing the website as a front-end developer by using HTML,CSS,Bootstrap, PHP, JQuery, Chart.js, and JSON format to get a live graphical data.
